Education Organizations Board

The Education Organizations Board (EOB) is made up of the presidents and vice-presidents of education organizations, as well as the Student Government Senators that represent the School of Education. The primary role of the Education Organizations Board is to enhance communication between organizations. It ensures collaboration on membership, activities, meeting presentations, and social activities. EOB also sponsors fundraisers throughout the semester. In the Fall, we team up with Scholastic and host a Book Fair in the Beering Hall lobby to raise money for teaching scholarships we award in the spring. The student teachers are really thankful for the extra financial help we can offer! For more information contact Kim McCutchan at mccutchan@purdue.edu.
