**Tiger Team Charge**

All Tiger Team members will review the 2008-2014 Purdue Strategic plan and the 2003-2008 COE strategic plan prior to beginning their work. Teams will begin their work by researching the current status of their area, evaluating what is and is not working currently in the COE with respect to that area, and soliciting broad-based input on possible new directions through open forums, web-based surveys, etc. Clerical support will be provided by Sherry Hight; data support will be provided by the Dean’s Office. The outcome of the Tiger Team efforts will be a 3-5 page white paper summarizing their work and proposing strategies and metrics for the assigned goal that are consistent with the university plan. These white papers will be due November 14, 2008.

The white papers will follow the template below, addressing each indicated issue/area:

- Background and rationale
- Procedures used to solicit input
- Goal statement from Purdue Plan (cut & paste)
- Suggested COE strategies
- Linkages with the 2008-2014 Purdue plan and the 2003-2008 COE plan
- Relevant synergies, partnerships, and collaborations
- Metrics (include all relevant Purdue metrics plus any additional metrics needed to effectively assess COE progress toward the goal)
