Reviewing Your Schedule

There are a few different ways to review your schedule. Any time you would like to print your schedule, use your Internet browser’s print function or copy the schedule into a document application. To review and print your schedule, start by visiting the Academic Tab, located under the myPurdue image banner.

My Courses

Click the link under the My Courses section under the Academic Tab.

Your class schedule of a given semester will display. You may change the semester view by selecting it from the drop-down menu above the schedule.

You may print your schedule using your browser’s print function.
Accessing Schedules from the Main Menu
To view more schedules with varied amounts of detail, return to the Academic Tab by clicking the Back to Academic Tab link, located in the upper left-hand corner.

From here, return to the Home Tab.

Note the section on the right-hand side of the page, titled Banner Self-Service. This section serves as a site map to anything you may access within myPurdue.

Click the folder.

Of the three subfolders that appear, click Student.

In the Student subfolders, choose Registration.
The resulting list contains the Registration Tool links from the Academic Tab, plus links that will allow you to view your schedule in different ways.

**Student Detail Schedule**

First, we will view the Student Detail Schedule, located in the Registration folder. Select the Registration Term for which your classes are scheduled. Click Submit.

Each class you scheduled for this term displays, along with detailed information about them. If you want to print this schedule view, you will find that the entire schedule will not print, due to it not fitting on one page. In your browser’s Print Preview function, you may only see the portion of the schedule that shows up in a single browser window. However, if you copy and paste your schedule into a document program, you may print it without having to worry if it will fit on one page.
Concise Schedule
Click Return to Menu, located on the right-hand side of the screen.

This link takes you to the same menu that is located in the Registration folder that we accessed earlier under the Home Tab.

This time, we will view the Concise Schedule. The concise schedule has less information, but the page caters to a printable view. The Status and Grade Mode are
absent from this schedule. As this schedule view fits in one browser window, you may use your browser’s print function to obtain a hard copy.
