AND EDUCATION

BRNG SEVENTH FLOOR

16 0 16 32
SCALE: 1:16

Possible Shelter in Place Locations: Marked with ⬭

In the event of a fire alarm, evacuate the building immediately. Proceed to the nearest stairwell, go down to the first floor, and exit the building. Do not use the elevators.

In the event of an all hazards siren, seek shelter in the building. For a tornado warning, go to the basement or the tunnel to the parking garage. Keep away from doors or windows. For a hazardous materials release or building intruder, take refuge in a room that can be closed off and (for an intruder) locked. Stay in place until you are told that it is safe to leave.
