Dear Colleagues,

Attached is the application and information regarding teaching with the Purdue University, Gifted Education Resource Institute’s Talent Development Program of Super Summer 2018. Teachers who participate in our programs encounter some of the most challenging and rewarding experiences of their careers. With each program come motivated, talented youth ranging in grades from K to 4th seeking accelerated and enriching learning opportunities in a wide variety of fields.

Our students are motivated and they typically can master material two or three years above the average level for their age. Using differentiation strategies, such as the Purdue Three-Stage Model, our courses for this special population are designed to accomplish the following:

- Expose students to new areas of study and career possibilities
- Present new materials at an appropriately accelerated pace,
- Develop independent or self-directed study skills,
- Promote advanced thinking skills, and
- Engage students in high-level projects and experiments.

If you are interested in having the opportunity to interact with and enjoy high ability children apply to teach for our summer program by completing the application and returning it to BRNG 5117, Hyeseong Lee or email it to lee2417@purdue.edu. If you have any questions about becoming an instructor or about the details of the program, please feel free to contact me.

Best regards,

Hyeseong Lee

Proposed Super Saturday Course(s) if you have any and preferred Grade Levels________________________

Please indicate one of the options below and sign your name before giving this form to recommender.

____ I waive my right to review this recommendation.

____ I do not waive my right to review this recommendation.

Applicant’s signature: ____________________________ Date: ____________________

Recommender - The above-named individual is applying for a teaching position in the Super Saturday program, sponsored by the Gifted Education Resource Institute at Purdue University and under the direction of Dr. Sidney Moon. Research compiled from a literature search in the field of gifted education indicates that a teacher of gifted and talented students should have the ability to

- engage gifted students in challenging thinking activities,
- lead gifted students in small-group and project activities,
- differentiate instruction to meet the needs of individual students,
- motivate students and provide counseling and affective activities,
- accelerate instruction to a level and pace appropriate for gifted students.

In general, our teachers are very knowledgeable in their subject matter, enthusiastic about teaching, and willing to devote time and effort to instruction. Please comment on these skills and traits as they relate to strengths and weaknesses of the applicant as a teacher. If you have any questions, please contact our office at (765) 494-7240 or lee2417@purdue.edu.
